Sprint Canoe Coach

May 2018 - Sept 2018

Dartmouth, NS

- Responsible for coaching the boys between the ages of 12 to 14
- Communicate technique in multiple ways for a better understanding

SKILLS

Organization Experience with origination using both physical and digital calendars to manage time with sports and school. Also experience organizing injury prevention resources for Alberta Health Services.

Communication When working as a swim instructor, and as a canoe coach providing clear and consistent communication has developed as one of my greatest assets when working with others.

Problem-solving During my design labs in Engineering-110, and Engineering-120 I have had to improvise and think outside the box in order to complete the lab.

Dependability As a lifeguard, I was required to be dependable to be prepared, on time, and alert. Another example would be at sprint canoe worlds in 2015 all my teammates depended on me being able to work my hardest in every event.

EDUCATION

UNIVERSITY OF VICTORIA

B.S Software Engineering

Victoria, BC

Sept 2017 - Present

Padding has changed my life and all I want is to give kids the same opportunities
